Travelling to LNER COMMUNITY STADIUM

York's sports clubs have a new place to call home.

LNER Community Stadium is an 8,500 seat arena which will host York City FC and York City Knights.

City of York Council's iTravel York and York Stadium Leisure Complex are working together to help make matchday travel more convenient for you and ensure that public transport, walking and cycling are the easiest and most efficient ways to reach the game.

By Train

York Station has excellent rail connections from every part of Britain.

London North Eastern Railway (LNER) is the Community Stadium's travel partner. For rail travel and ticketing information please visit: www.lner.co.uk

Buses

The Monks Cross area is served by a number of bus routes providing regular services from the city centre and surrounding areas. The most frequent, service 9, departs every 10 minutes from opposite York railway station.

Walking and cycling

There are a number of excellent on and off-road walking and cycling routes from York city centre, Huntington, Heworth and beyond.

For the latest travel and transport information, please visit: www.itravelyork.info

Park & Ride

A dedicated matchday shuttle service will run non-stop between Grimston Bar Park & Ride and the stadium, before and after every match. If you're travelling by car please use the shuttle service, as parking spaces within walking distance of the stadium are severely limited.

Blue Badge Car Parking

If you are a blue badge holder, there are over 40 disabled parking spaces around the stadium. The East car park and matchday parking in the Monks Cross Park & Ride car park are bookable via the club. The North car park is an overflow, but is limited to 2 hours parking and not bookable.
